MR. CLYMER AT HOME.—The Reading *Journal* states some facts worth remembering. In 1850 Mr. CLYMER was a *Whig* candidate for the Legislature. General Keim was on the same ticket for Congress. Clymer ran 1,599 behind Keim. In 1860, when Mr Foster was the democratic candidate for Governor, Mr. Clymer ran on the same ticket for Senator, and came out 654 behind Foster. In 1861, Mr. Clymer was again a candidate for Senator, Mr. Schall being on the same ticket for Judge. Mr. Clymer came out 16 behind. In 1863 Mr. Clymer was once more a candidate for Senator, and received fewer votes than any other candidate on the democratic ticket.

THE PLOT THICKENS.—Friday evening a formal treaty was concluded between the President and the Democratic members of Congress from Pennsylvania, Mr. COWAN being umpire. These Democratic members, with Mr. COWAN, are to control the dispensation of Federal patronage. Gen. GEARY is to be beaten, if possible; and "My Policy" sustained, if the people can be cajoled.

Is it not full time the Republicans of Pennsylvania, and of Allegheny county, in an especial manner, branded the conspirators in their own ranks?

THE Somerset *Whig* says: Enough is known of the result of the primary election in Somerset county to indicate clearly that the nominations have been conferred upon Koontz, for Congress; Stutzman, for Senator; Weller, for Legislature; Kimmell and McMillen, for Associate Judges; Walter, for Sheriff; Schell, for Prothonotary; Davis, for Register; Bowman, for Commissioner; Stuft, for Auditor.

THE Republican Committee of Mercer county will meet May 23d, to fix the day for the nominating convention. Mercer, Crawford, Venango and Clarion elect a member of Congress; Mercer and Venango a State Senator and President Judge; and Mercer two Assemblymen, a Sheriff, Prothonotary, Register and Recorder, one Commissioner, Auditor and Poor Director.

AMONG the passengers on board the cholera ship Virginia, now in the harbor of New York, are some residents of Buffalo. Letters written by them to their friends, and published in the Buffalo papers, show that the Health Commissioners were totally unprepared or inexcusably inefficient. The whole management of the case appears to have been shameful.

THE Secretary of the Treasury confesses that he has appointed fifty-five rebels to office in violation of law. It turns out that one of these rebels was appointed over the head of a man whose competency and loyalty were vouched for by Generals GRANT and THOMAS, and by Andrew JOHNSON himself. Great is "My Policy."

THE Reconstruction Committee will to-day make a report of amendments to the Constitution. Details are given in our telegraphic dispatches. Thus the case is made up. The people must decide between the Presidential scheme of unconditional restoration, and the Congressional scheme of restoration on conditions.

THE Cincinnati *Commercial*, (Johnsonian,) mounts the tripod and prophesies that the nomination of a third candidate for Governor in Pennsylvania will lead to the withdrawal of Clymer. Exactly, and we predict, in that event, the President will give Clymer an appointment of higher distinction.

THE President having removed a prominent postmaster in Indiana, he refuses to surrender to his successor until confirmed by the Senate. There is great need to have a case go up to the Supreme Court, and see if the Judiciary will decide the power of the Executive over patronage to be absolute.

MR. S. F. CAREY, recently nominated to the Collectorship of the second district of Ohio, and charged with recently denouncing President Johnson, at Delaware, in that State, as an habitual drunkard, affirms he made no such speech, and has not been in Delaware for several years.

AFFRAY AT ST. PAUL.—At St. Paul, on the 22d inst., seventy-five citizens tarred and feathered James H. Murray, in presence of his wife, for shameless conduct with other women. The citizens did not disguise themselves, and several of them have been prosecuted.

THE election to determine whether the county seat of Snyder county should be removed from Middleburg, its present location, to Selins Grove, was determined on the 24th inst. in favor of the former place. The majority in favor of Middleburg was 370.

MAJ. GEN. JOHN F. HARTRANFT, Auditor General, and Col. JACOB M. CAMPBELL, Surveyor General, elect, will take possession of their respective offices, May 1st. They will appoint soldiers to the clerkships.

LAW JUDGE.—H. L. Richmond, Esq., of Meadville, has been presented by the members of the bar there, as a candidate for additional Law Judge of that judicial district.

"MY POLICY" is warming all the Southern snakes into life again; and hurrahs for Andrew Johnson mingle with hurrahs for Jefferson Davis.

JUDGE HOAR, of Massachusetts, decided that failure to stamp a written conveyance or bill does not invalidate the instrument.

OWING to strong remonstrances, the Court refused to grant liquor licenses to any of the hotel keepers of Mercer.

THE Blair county *Whig* will be issued as a campaign paper on and after May 1st.

THE Republican Committee of Union meet to organize May 22d.

THE Ohio Union State Convention will be held June 20th.

A YOUNG GIRL, seventeen years of age, attempted to commit suicide, by drowning, not long since, in Paris. Her sweetheart had forsaken her. The first words she uttered when she recovered her senses were: Mon Dieu! how cold the Seine is! The boatman who rescued her stood near and exclaimed: Ah! my little darling, it has nobody to warm its bed.

A NAPLES letter-writer says that several Roman Catholic priests have declared their intentions of marriage, under the new law which makes marriage a civil rite, and one has already been united to a lady of Naples. The writer thinks that this example will be somewhat extensively followed.

CITY ITEMS.

Fever and Ague Extinguished.

Martyrs to Intermittent Fever, a word with you. The responsibility for your suffering rests upon yourselves. Just as surely as you shake to-day, or will shake to-morrow, Hostetter's celebrated Stomach Bitters will extinguish the disease under which you labor. Had you taken this genial tonic as a preventive, you would have no need of it as a cure, for it renders the system impervious to all miasmatic fevers. But since you neglected the precaution, rid yourselves without delay of the complaint by resorting to the only reliable remedy. Break the chills with Hostetter's Bitters, and they will return no more. This is the experience of thousands, and it will be yours. Quinine is a slow means of relief; it is nauseous to the last degree; it is more dangerous than the malady itself; in many cases it utterly fails. How different is the effect of the bitters. Their curative action is rapid; they are agreeable to the palate; they are not only entirely harmless, but tend inevitably to strengthen the constitution and prolong life. They *never have failed*, and it is confidently assumed that they *never can fail* in any case of Fever and Ague, however inveterate in its character. To be without Hostetter's Bitters in any region infested with Intermittent or Remittent Fever is simply to reject safety and court disease.

Hostetter's Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Market, near Fourth street.

Cure for Cholera.

The following story is of course imported:

A physician who was not very familiar with the symptoms or the remedies for the cholera, was called in to prescribe for a cobbler who believed himself suffering from the epidemic. He told him to take certain remedies, and called again next day, when he was informed that Crispin was cured; in fact so well was he, he had gone to work.

"Indeed," said the doctor, "that is well; you see my prescription has answered admirably."

"Not so!" they answered, "he wouldn't take the medicine."

"Indeed! What, then, did he do?"

"Took a bottle of Roback's Stomach Bitters."

Spring and Summer Goods.

The well-known store of Mr. John Weler, Merchant Tailor, No. 125 Federal street, Allegheny, has been lately fitted up with a new assortment of spring and summer goods. The stock has been well selected, and embraces all the numberless articles needed for gentlemen's garments. A large stock of ready-made pants, coats, vests, &c., will also be found in his establishment. His stock of furnishing goods cannot be surpassed. Persons desiring to purchase a good suit of clothes would do well by giving Mr. Weler a call.

OUR RELATIONS WITH JAPAN.

Convention of Japan, American and European Powers.

WASHINGTON, April 28.—The President has officially proclaimed the Convention between the Empire of Japan and the Governments of the United States, Great Britain, France and Holland, providing for the payment to these Governments the sum of $3,000,000 for indemnities and expenses. This Convention was made in view of the hostile acts of Morio Dasen, Prince of Nagato and Smoo, which were assuming such formidable proportions as to make it difficult for the Tycoon to observe the treaties, the Governments above named having been obliged to send their combined forces to the Straits of Simanoski in order to destroy the batteries erected by that Diamo, for the destruction of foreign vessels and the stoppage of trade, and the Government of the Tycoon, upon whom devolved the duty of chastising this rebellious prince, being held responsible for any damage resulting to the interests of the treaty powers, as well as the expenses occasioned by the expedition. The governments of the United States, Great Britain, France and Holland declare in this convention that inasmuch as the receipt of money has never been the object of said powers, but the establishment of better relations with Japan, and the desire to place them on a more satisfactory and mutually advantageous footing is still the leading object; in view, therefore, if His Majesty, the Tycoon, wishes to offer in lieu of the payment of the sum claimed, and as material compensation for the loss and injuries sustained by the opening of Simanoski or other ports in the inland sea, it shall be at the option of said governments to accept the same or insist on the payment of the indemnity in money under the conditions above stipulated.

RECONSTRUCTION.

REPORT OF THE COMMITTEE.

The Basis of Representation.

LIMITED SUFFRAGE TO LATE REBELS.

Rebel Debt and Compensation for Slaves Ignored.

LEADING REBELS DISFRANCHISED.

WASHINGTON, April 28.—The Committee on Reconstruction, after a session of some four hours to-day, at which all the members were present, agreed to report on Monday next a joint resolution proposing an amendment to the Constitution of the United States, namely:

SEC. 1. No State shall make or enforce any law which shall abridge the privileges or immunities of the citizens of the United States, nor shall any states deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

SEC. 2. Representatives shall be appointed among the several States which may be included within this Union, according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But whenever in any State the elective franchise shall be denied to any portion of its male citizens not less than twenty-one years of age, or in any way abridged, except for participation in rebellion or other crime, the basis of representation in such State shall be reduced in the proportion which the numbers of such male citizens shall be to the whole number of male citizens not less than twenty-one years of age.

SEC. 3. Until the 4th day of July, 1870, all persons who voluntarily adhered to the late insurrection, giving it aid and comfort, shall be excluded from the right to vote for members of Congress, and for electors for President and Vice-President of the United States.

SEC. 4. Neither the United States nor any State shall assume or pay any debt or obligation already incurred, or which may hereafter be incurred, in aid of insurrection, or war against the United States, or any claims for compensation for the loss of involuntary service or labor.

SEC. 5. That Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

A bill to provide for the restoration of the states lately in rebellion to their full political rights by admitting delegations to Congress, and a second bill debarring leading rebels from holding offices, are also reported, including the following classes:

First—The President and Vice President of the Confederate States, so called, and heads of the Departments thereof.

Second—Those who in other countries acted as agents of the Confederate States.

Third—Heads of Departments of the United States, officers of the army and navy of the United States, and all persons educated in the military or naval academy of the United States; Judges of the Courts of the United States, and members of either Houses of the Thirty-sixth Congress of the United States who gave aid or comfort to the late rebellion.

SEC. 4.—Those who acted as officers of the Confederate States so-called, or Master in the navy or any one who, as Governor of any of the Confederate States, gave aid or comfort to the late rebellion.

SEC. 5.—Those who have treated officers or soldiers or sailors of the army or navy of the United States, captured during the late war, otherwise than lawfully as prisoners of war.

We have understood that the vote upon them was 12 against 3. As it is known that Senator Johnson and Representatives Grider and Rogers only voted in the negative, the affirmative must be Senators Fessenden, Grimes, Harris, Howard and Williams, and Representatives Stevens, Washburne, of Illinois, Marshall, Bingham, Conkling, Boutwell and Blair.

HEAVY BANK ROBBERY.

$300,000 in Bonds and $50,000 in Deposits Stolen.

$20,000 REWARD OFFERED.

WHEELING, W. Va., April 29.—About three o'clock on Sunday morning, six burglars entered the residence of the Cashier of the Harrison National Bank of Cadiz, Ohio, bucked and gagged the Cashier and compelled his wife to deliver up the keys of the safe—proceeding thence to the bank, they effected an entrance without much opposition, and robbed the safe of three hundred thousand dollars in United States bonds, and about fifty thousand dollars in deposits. After locking the watchmen in the safe they made good their escape on a hand car, cutting the telegraph wires in two places. The robbers abandoned the hand car at a station near Alexandria, on the Pittsburgh, Columbus and Cincinnati railroad, and took to the woods. The surrounding country has been aroused and a large force is in pursuit. Twenty thousand dollars reward is offered for the arrest of the robbers.

TWENTY THOUSAND DOLLARS REWARD OFFERED.

The burglars escaped by a hand car, over the Steubenville and Indiana Railroad, leaving it at Alexandria station, ten miles west of Steubenville, and made north of the Cleveland and Pittsburgh, or Pittsburgh and Fort Wayne Railroad, or the Ohio river, at or near Wellsburg.

CHAUNCEY DEWEY, President.

From New Orleans.

NEW ORLEANS, April 28.—General Canby was before the United States Civil Court for contempt, in preventing the execution of a writ of sequestration obtained by the United States Treasurer against five hundred bales of cotton. The case was fully argued, and all the bar was present. The decision was reserved. Judge Durell says he might as well close the Court at once if its writs are disregarded, and remarked that it would be unavailing so long as bayonets bristled in the court room.

Gen. Canby has ordered a cholera quarantine of all New York shipping coming hither. Dr. Stoves says cholera never visits warm latitudes in summer. Cold, damp weather in fall and early spring produces it, but cholera dies out in summer.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, April 28.

HOUSE.

The House met to-day for general debate on the President's Amnesty Message.

Mr. Schofield, of Pa., addressed the House on reconstruction. The premises which he assumed were that the disloyal population of the South would not exceed five millions, and that this population was so distributed that if the late seceded States were admitted with conditions they would be able to elect twenty-six Senators and eighty-four Representatives, thus permitting one-seventh of the whole population of the United States to control more than one-third of the legislative power, and that this control would be used for the destruction of the Government. He urged that the seceded States came back to the Union only by coercion; that it was a forced bridal; that the original cause of secession was hatred of the North, and its anti-slavery majorities were much stronger now than in 1861. They did not profess themselves to be in favor of the Union, though untruthful men from the North prevaricated for them; and they would rouse the Confederacy at once if they could, and they would use their former power to provoke a war with England or France, hoping to secure their own independence. For this state of things, three remedies have been proposed. First, to disfranchise the leading rebels; second, to neutralize their votes by enfranchising the blacks, and third, to make the population minus the disfranchised classes, or the number of voters the basis of representation. He advocated the third proposition, claiming that it was the Republican plan of reconstruction. The delay in reconstruction he attributed to the steadfast opposition of the Democrats. They fought against all reconstruction that did not allow the return of their long-mourned friends, more numerous and more malevolent than before, but there was no need of great haste; the rebels had been for full four years out upon plague infected seas, and could they not now tarry at quarantine for a single session?

The President's policy, as exhibited in his correspondence with his Provisional Governors, was not inconsistent with this plan. His breath was even now the law of the land in these States. The Democrats were pursuing him with unrelenting friendship, and if they finally seduced him, his friends could rejoice that the past is at least secure. The President's patriotic thoughts of the last five years would still live, although only to reprove him. The proposition to admit loyal Representatives from the South, he (Schofield,) regarded as a snare, just as Semmes had hung out the Union flag as a snare to unarmed merchant vessels, replacing it with the pirate emblem when he had secured his victim.

Mr. Scofield replied at length to the leading objections made to the Republican plan of reconstruction, comparing it with the policy advocated by the opposition. If the latter were to succeed, the Confederates would have eighty votes in the next electoral college, and would need only seventy-seven more to elect a President. Of these they claimed thirty-one from semi-Confederate States and expected the Democrats of New York and New Jersey and Connecticut to make up the remaining forty-six. The Government would then be run entirely in the interests of the rebels, and then would be realized what the opposition, in different phraseology, constantly asserted was the object of the war, naturally, to compel the rebels to become the rulers of the nation.

Mr. Higby, of California, was the next speaker. Referring to the appointment of the Joint Committee on Reconstruction, and to its action in reporting some Constitutional amendments and the large mass of testimony, he said he proposed now to direct his attention to the report made by that Committee on the 6th of March last, and the joint resolution then reported for the admission of the State of Tennessee. He must not be considered captious if he differed with fifteen of the wisest men in Congress, in regard to some matters introduced in that report. Two things were to be observed in the joint resolution reported by the committee. One was, that committee endorsed the new Constitution of Tennessee, Republican in form, and the other was the declaration that the only means by which the State could have any representation in Congress was to be through the law-making power of the United States. The Constitution of the State of Tennessee prescribed who should be entitled to the elective franchise, and it would be found that the word "white" was used in almost every section. The elective franchise was limited to white loyal citizens of the State, those who had been engaged in the rebellion being disfranchised. The colored population of Tennessee were more than one-fourth of the whole population, and taking the relative contributions of Tennessee to the Federal and rebel armies as a data, the loyal white population did not exceed one-fourth of the whole. If that one-fourth were to have exclusive political control of the State there would be no republicanism in it. He held, however, that the civil rights bill giving civil rights to the colored people, gave them also political rights. There would be nothing effected by giving them their civil rights unless they possessed the political power to protect those rights. If these people were citizens of the United States, where did power lie to take away the elective franchise from them? That a citizen had a right to vote, and that there was no power under the Government to deprive him of that right, but this joint resolution would only permit a very small portion of the white population of Tennessee to vote, and would exclude the colored population altogether. There was no element of Republicanism in it. That Government was not Republican in form which excluded a large part of its citizens from participation in it. Congress had control of the matter, and it was its duty to declare that no Constitution of a Government, Republican in form, excluded any portion of its citizens conditionally from the elective franchise.

Mr. Harding discussed the question of reconstruction from the opposition part of view. He said there had been two rebellions in the country—one at the North and one at the South. Although differing widely on some points, they had been yet in reality leagued together. They had been wanting to overthrow the Constitution and dissolve the Union. The rebellion at the South was ended. The people had abandoned and repudiated secession. They returned to their allegiance, and now yielded obedience to the Constitution and the laws, and anxiously desired a restoration of the Union, but the Northern rebellion was still rampant and defiant, and there was no hope for the restoration of the Union until that rebellion was also subsided, or was at least reduced to a controllable minority. The country had gone through four years of terrible and exhausting war, to keep eleven States from getting out of the Union, and now had gone through four months and was threatened with four years of Congressional and political war to keep these eleven States out and prevent a restoration of the Union. There could be no such thing as reconstructing the Union, unless it had been broken up and dissolved. The basis and central idea, therefore, of the northern revolutionary movement called reconstruction was disunion. It rested on the assumption that the Union had been dissolved and had no other foundation or support. The war waged by the Southern insurgents to take the States out of the Union was a failure. The war on the part of the Government was a success. To say, therefore, that the eleven seceded States were out of the Union, was to say that the success of the Federal Government was its failure, and that the failure of the rebellion was its success. This important discovery had been made by the superior wisdom of the northern rebels. It was wholly unknown in the South. If the eleven States were out of the Union, then Jeff. Davis had not been guilty of treason, for he owed it no allegiance, but owed it to the Confederate government, and his long imprisonment was an act of cruelty. If that was so, then war was waged, not to keep the eleven States in the Union, for they were already out, but was a war of mere conquest and subjection. He called on the people to unite with the great Democratic hosts of the North, and rally around and support the President in his noble stand for the liberties of the people.

Mr. Morehead next addressed the House on the financial condition of the country. Ample guarantees for the future should be required. The South should abandon the principle of slavery, should secure the rights of the freedmen, should repudiate the rebel debt, renounce the claimed right of secession, should cultivate a spirit of loyalty and prove it by their works and should accept as the true theory of the Constitution that which the war had settled in conformity with the purposes of its framers. Passing from this he proceeded to discuss the question of the National Debt and the duty of Congress to protect its sacredness, and, at the same time, so to distribute the burthens of the nation as to develop the resources of the country, the encouragement of its labor and the improvement of the condition of the people. He closed by an appeal on behalf of labor, from which the country had its strength and in which was its hope. As labor sinks so the nation sinks; as labor rises, the nation rises in all the elements of greatness and power.

Mr. Finck addressed the House on the question of reconstruction. He insisted that Congress could exercise no powers not delegated under the Constitution, except such as were necessary to carry out express grants.

Mr. Banks then addressed the House on behalf of the New England capitalists, who had been somewhat severely reflected upon the other day by Mr. Wentworth, in the debate on the Northern Pacific Railroad bill.

At half-past five the House adjourned.

CITY AND SUBURBAN.

Accident on the Connellsville Railroad—A Passenger Train in a Bad Fix.

On Friday afternoon a coal train on the Connellsville Railroad ran off the track at Glenwood station, six miles from the city, resulting in a smash-up of the cars, and serious obstruction of the track. At three o'clock in the afternoon the Express train went up to the obstruction, and remained there until the Mail train came down, when the passengers were transferred. This was all well enough. The Accommodation train left the city at half past six o'clock, and reached Glenwood at about seven—the passengers being informed, before leaving here, that an extra train would be sent down from McKeesport to meet them. After waiting at Glenwood for some time, and there being no signs of a train, the passengers began to show considerable uneasiness. There were some forty men, women and children living at different points along the road, and some having through tickets to West Newton. Those who were unencumbered with baggage and babies, and did not relish "lying out" all night, started on foot for Braddock's, Port Perry, and even as far as McKeesport. Others sought lodging places in the neighborhood, but the majority of the passengers, being unable to leave, remained at the station, still hoping for the promised "extra train." At length the ten o'clock train, from this city, reached Glenwood, when the conductor was urged to return with the passengers, so that they might be able to procure supper and lodgings, but he declined to assume so great a responsibility, as he had been ordered to remain at Glenwood and assist in removing the obstructions. He would gladly have returned with the passengers, but in doing so he would have had to disobey positive orders, and under these circumstances the majority of the passengers felt like excusing him. It was now eleven o'clock, and no tidings of the "extra train." The children had become sleepy, while all were fatigued and hungry. The station house was broken open, (it having been left locked) and as many as could get into it, took quarters there. It is a small concern, however, and the sleeping accommodations were little better than those afforded by the fence corners in the neighborhood. Three or four fires were built outside the station house, and a portion of the platform was demolished for fire wood. The women and children were made as comfortable as the nature of the circumstances would permit, and some of the neighbors contributed to their physical wants by furnishing victuals. Father Smith, of the Catholic Seminary, visited the "sufferers," and tendered kindly aid. Most of the neighbors were not aware of the situation of the passengers, or all would have been provided with food and shelter. The "wee short hours" found them utterly despondent of any succor by the "extra train," and they spent the balance of the night in alternate dozing and waking, patient enduring and savage growling. Daylight at length dawned on the breeze, and a "sorry" spectacle they presented—cold, hungry, fatigued, disheartened and dishevelled. Daylight, however, failed to bring relief, and it was not until half-a past seven o'clock in the morning, on the arrival of the train from West Newton, that they were enabled to bid adieu to "Camp Glenwood." It is needless to say that the passengers were highly indignant at the treatment to which they were subjected. There was gross negligence or mismanagement somewhere, but we do not pretend to say who was to blame. The responsibility, however, was thrown upon the President, who, it was alleged by some of the passengers, had promised to furnish the extra train.

Academy of Music.

To-night opens a new era in the history of Pittsburgh entertainments. A new temple is to be dedicated to the Muses. The legitimate Opera, in a house built for its special presentation, will be given with all its brilliant accompaniments. The new Academy of Music is in a most eligible position. In full view of the Union Depot, it will be easily accessible to strangers. Within a short walk of the different lines of street railways, it is very convenient to our citizens. The building when entirely finished, will be very imposing. Its interior arrangements are very handsome, and convenient, and the modes of ingress and egress are so arranged that in case of fire or accident, an audience of from twenty to twenty-five hundred could find their way out, and the house be emptied in about six minutes. In the arched roof or dome, is a magnificent sun light which will light the entire auditorium. The different portions of the building are well ventilated during the summer, by means of artificial draughts, and the same draughts will during the winter months convey columns of heated air into the building. During the Opera season the passenger trains on the different lines of railway have made arrangements to run at the latest hour for the accommodation of the patrons of the Opera who reside out of the city. On Friday and Saturday nights of last week, the interior was lit up, and the appearance was splendid. Pittsburgh may well be proud of the new Academy of Music, and thank the energy and good taste of Mrs. Henderson in bringing forward the enterprise. The greater portion of the seats have been secured, but there will be an opportunity to-day for those who have not yet secured their seats to do so, by calling at the music stores of Mr. Mellor or Mr. Kleber.

The Opera selected for the opening is "Martha." The members of the Leonard Grover German Opera troupe, among whom are names well known in the Operatic firmament, together with their Orchestra, consisting of twenty-five skillful performers, and a chorus of thirty persons, have arrived, and will pay their first visit to the Academy this morning. They have brought with them the wardrobes, properties, &c., belonging to the New York Academy of Music. The new and magnificent scenery of the stage has been under the general superintendence of Mr. James Lamb. The stage appurtenances are the handiwork of Mr. N. C. Garland, and the machinery is by Mr. Charles Crosby, all thoroughly skilled workmen in their line of business. In fact, when the finishing touches shall have been given to the exterior ornamentation of the building, Pittsburghers will find that a want, long needed, has been supplied, and that there is now a place provided for refined and intellectual amusement. We expect to see such an array of beauty and fashion to-night as has never before been gathered within the walls of any building in this city.

The County Superintendency.

EDITORS GAZETTE:—In reading the various articles relating to the County Superintendency, that have for the past few weeks been claiming the attention of our citizens, we find personal and invidious attacks upon one of the prominent publishing houses of our city, and highly disparaging remarks upon certain text books in our public schools.

The books referred to are the productions of a few talented minds native to the city, and are at present used in the majority of the public schools of the County and in various parts of this and other States.

Now, why these books or this publishing house, should be dragged into the controversy, it is hard to say, unless it be that the present is judged to be a good opportunity to pave the way for electioneering for the introduction of school books from a publishing house in Cincinnati, who have their agent on the grounds strenuously working for that firm, and who stands behind, directing the attacks, which are to throw out of our schools the productions of Pittsburgh, and replace them with others from a distance.

The only ground for these attacks that can possibly be assumed by the party in question, is that the publishing house of our city has used influence against the present Superintendent, in order to defeat him in the coming election. But this is a pretext, too flimsy to be regarded for an instant, for it is open and notorious that the moment it was found that an agent of their house, a man of talent and of the greatest value to the firm, was making efforts to defeat the Superintendent, he was instantly dismissed from his office, the firm being desirous of escaping from all entanglements with school government, or influence in the affairs of any of the candidates.

Justice demands that this matter be noticed, and without further remark, we may safely assume that so long as these works are of equal value with those published elsewhere, a preference will be given them.

Important to School Directors and Bounty Committees.

We have been furnished with a certified copy of the act to authorize the Court of Quarter Sessions of Allegheny and Westmoreland counties to appoint auditors to audit the bounty accounts of School Directors and Bounty Committees of any ward, borough or township in said counties.

The first section authorizes and empowers the Court of Quarter Sessions, upon the application of five taxable citizens of any ward, borough or township in said counties, to appoint three competent persons as auditors to audit and examine the bounty accounts of the School Directors of any ward, borough or township, with power to examine witnesses and enforce attendance of persons and papers, and the report or finding of said auditors shall be evidence in any legal proceeding in any court in said counties.

The second section provides that whenever any surplus funds arising from bounty subscription or assessment shall be found in the hands or custody of the School Directors as aforesaid, the same shall be paid over to the treasurer of the school fund for said school district for school purposes.

Fire on Liberty Street.

On Saturday, shortly after noon, a fire was discovered in the Silver Pearl soap factory of William Kennedy & Co., No. 367 Liberty street, immediately opposite the old railroad depot. The buildings in the block were five in number, and but one story high. The flames spread very rapidly, and soon the entire block was enveloped. The firemen soon arrived, and succeeded in preventing the spread of the flames to the elegant four story block immediately below. The buildings in the block where the fire originated were completely gutted, and most of the contents either destroyed or badly damaged.

No. 367 was occupied by Messrs. Kennedy & Co., soap manufacturers, who are insured to the amount of $6,000 in the People's Insurance Company. The stock on hand was not very large. The books and papers were saved. The fire is supposed to have caught from the furnace attached to the engine in the factory.

No. 365 was occupied by Messrs. S. M. Kier & Co. as offices for their oil refinery, etc. They had their books and papers in the safe, and they will not be damaged. There was no oil anywhere in the office. The principal loss is in office furniture.

No 363 was occupied by Messrs Kier, Glover & Co., dealers in fire brick, crockery, etc. They had a small stock of ware on hand, but the loss will be inconsiderable.

No 362 was occupied as an eating saloon by W. H. Simpson. A small portion of the goods were removed in a damaged condition, but most of the fixtures were destroyed.

No. 359, at the eastern end of the block, was occupied as a fruit shop and dwelling by an Italian named Peter Nardi. He had an insurance of $1,600, which will probably cover his loss.

The buildings were owned by Messrs. Kier and Mitchell, who have a partial insurance upon them in the Western Insurance Company.

A strong westerly wind was blowing at the time, which served to protect the large buildings on the west, occupied by Messrs. Potter, Aiken & Shepherd, S. B. Floyd & Co., and others. The smoke rose in immense volumes, supposed to be mainly from the burning of a lot of resin, and was carried over against the towering building of the Grain Elevator company, and at times enveloping it, but as that immense structure is fire proof from without, no fears were felt for its safety. The firemen worked nobly, and kept incessant streams pouring upon the buildings until the flames were entirely subdued. The fire did not last over an hour.

The Pitt Township Injunction Case—Order of the Court.

We have already reported the case of Peter Duff vs. Charles Jeremy, being a motion for a preliminary injunction to restrain the respondent from erecting a slaughter house in Pitt township. The complainant has resided for some time in a pleasant locality in the township; and the respondent, having purchased an adjoining lot, was about to erect a slaughter house thereon, when proceedings were instituted in the District Court, in Equity, to restrain him, it being alleged that the business of slaughtering animals would necessarily create a nuisance in the neighborhood, and work especial injury to the complainant in this case. The case has been two or three times before the Court and many witnesses have been examined on both sides.

On Saturday, (Judges Hampton and Williams on the bench,) the following order was made by the Court, and ordered to be placed upon the record:

"And now to wit: April 28th, 1866, this cause came on to be heard on the motion for a preliminary injunction, and upon consideration thereof, it is ordered that the motion be and is hereby refused, without prejudice to the complainant's right to renew the same at any time before final hearing, in case the erection complained of and the business conducted therein shall annoy and become a nuisance to the complainant. The question of costs reserved."

Under the above order, the respondent, Jeremy, is permitted to proceed with his building, and carry on the business of slaughtering animals—the defendant at the same time, having the right to renew his suit, should the business be conducted in such manner as to create a nuisance.

John H. Hampton, Esq., appeared as counsel for complainant, and Gens. Collier and Pearson for respondent.

Railroad Thieves in Limbo.

For some time past a systematic thieving has been carried on upon the lines of the Pennsylvania Central and Steubenville Railroads, which seemed to defy all efforts to detect the parties, until quite recently, when the whole affair was adroitly "worked up" by Detective M. D. Brooks, of Newark, O., who was employed by the Pennsylvania Company to ferret out the gang, succeeding in eight days after he had undertaken the task, and had the whole gang arrested. The Union Line Express Company, the victim of these depredations, some days ago authorized five keys to be given out between this place and Columbus, and a day or two thereafter it was discovered that one key was lost or stolen. The detective set himself to work to discover the party having the key in his possession, and that fact discovered a clue would be afforded to unravel the whole affair. He succeeded on last Wednesday night by arresting a hanger on of the road, named Jesse Robinson, upon whom the key was found, with the letters "U. L." engraved upon it. Robinson upon being questioned implicated a brakesman on the Steubenville Railroad named Wm. McClelland, who was also arrested, and such information was derived from the two as led to the additional arrests of the following parties: W. R. Pugh, I. G. Culp, Joel Williams, Wm. Smith, John Lysle, and John Hanlan. Officers A. J. Moon, Jerry Gumbert and John Wrigley, of this city, assisted in making the arrests, and materially aided the detective in discovering the thieves. The prisoners were all taken to the jail at New Philadelphia, Ohio, where they will await trial. About $2,300 worth of the stolen property has been recovered, some in Manchester, and other articles at various places along the line of the Pennsylvania Railroad.

Shooting Affray in Allegheny.

A shooting affray, which might have resulted seriously, occurred about eleven o'clock on Saturday night, at the drinking saloon of Martin Barker, on Canal street, Allegheny. It appears that a party of half a dozen of men entered the saloon in a crowd, and while there one of them recognized a man named Bogue in one corner of the room, against whom he bore some spite, and began an assault upon him, in which he was joined by the rest of the party. A son of the bar-keeper, who was attending bar, disclaimed against the unfairness of so great a party attacking the man. The crowd then pitched on him in turn, when he drew a revolver to keep them off, and for the purpose of intimidating them fired three shots toward the ceiling. They still disregarded his threats, and continued to advance upon him, when he fired into the crowd, the ball taking effect in the fleshy part of the arm of a man named Smith, but not producing a serious wound. The wounded man was conveyed to his boarding-house on Ohio street, where he was attended by Drs. Hartman and Shaffer. Young Barker was arrested and taken to the Mayor's office, and in the morning was arraigned before his honor Mayor Morrison to answer a charge of assault and battery with intent to kill. He maintained that he only acted in self-defense, and gave bail to answer the charge at court. The man Bogue declares that he will institute proceedings for assault and battery against all the parties who attacked him. The conduct of these parties was disgraceful throughout, and the fact that they were in liquor does not serve to palliate it.

The Sunday Beer Sellers.

On Saturday, Alderman Humbert, of the First Ward, held a hearing in the cases of the parties arrested in Allegheny, Reserve township and Duquesne borough some days since upon informations made against them for selling beer on Sunday. The cases were all disposed of by the parties being held to bail to answer at court, with the exception of M. Zierhart and Jacob Letteale, which have not yet been heard. The following are the names of the parties who gave bail: Jacob Deerstein, Peter Reschuer, Wm. Einstein, Joseph Lofink, Conrad Eberhart and John Letteale, of Reserve township; Jno. Wacker, John G. Rittner and Jacob Long, of Fourth Ward, Allegheny; and Sebastian Herd, of Duquesne borough. Deerstein, Einstein and Lofink were each held to bail on two charges.

It would seem that this wholesale prosecution would have a salutary effect in restricting this infamous Sunday traffic, and putting an effectual stop to the bacchanalian scenes which characterize the Sunday beer drinking resorts located at and in the neighborhood of Troy Hill; but we learn that on last Sabbath the majority of the beer-stands of the parties above named were again open, and crowded equally as much as on previous Sabbaths. We understand that these additional infractions of the Sunday law will be promptly met by additional informations.

The Case of John Horner.—We were desired by one of the witnesses in the case of John Horner, of the Third ward, Allegheny, who was brought before Alderman Humbert, of the First ward, a few days since, on a charge of selling beer on Sunday, and discharged for want of sufficient evidence, to retract our statement that the witnesses were drunk. We have only to say that we do not know of our own knowledge, but were so informed. Moreover, in another case, for the same offense, which was discharged for the same reason, it is also alleged that the witnesses were taken out of the Alderman's office and made drunk, for the purpose of preventing them from giving intelligent testimony.

Child Lost.—Minna Hammer, a girl four years old, strayed from the residence of her father, Mr. Henry Hammer, No. 180 Smithfield street, in this city, yesterday morning. She had a striped blue delaine dress and white apron, with blue ribbon in her hair. Her eyes are blue and hair light. Her parents are greatly distressed, and will abundantly reward whoever may be instrumental in returning her.

Bold Bank Robbery.

In our telegraphic columns will be found an account of a most daring robbery perpetrated at Cadiz, Ohio. About two o'clock Sunday morning six burglars entered the residence of Mr. M. B. Brown, Cashier of the Harrison National Bank, who lives in the Bank building, and demanded of him the keys, which he refused to deliver up. They then bucked and gagged him, and drawing a revolver at his wife, threatened her if she would refuse to give them the keys they would blow her brains out. Intimidated by their threat and being completely at their mercy she gave them up and the burglars at once commenced pillaging the bank. They secured $350,000, and locking the watchman up in the safe took their departure. Chief of Police Hague, of this city, was telegraphed to by the President of the Bank, Mr. C. Dewey, for his assistance in apprehending the robbers. A large reward has been offered for their arrest, which will doubtless go far to securing the desired object.

Amusements.

OPERA HOUSE.—Miss Lotta, an accomplished young comedienne, opens an engagement at the Opera House to-night, appearing in the comedietta of "Andy Blake." During the evening she will give a banjo solo and dance. The performance will commence and end with a farce, the last piece being "Nan, the Good for Nothing."

PITTSBURGH THEATER.—The favorite actor Edwin Adams, has been engaged for a third week. This is certainly a pretty good indication of success. He appears this evening as Ivan, in "The Serf; or Love Levels All." "Sarah's Young Man" concludes the entertainment.

Destructive Fire in Birmingham.

About five o'clock on Sunday morning a fire broke out in the pottery works of Thomas Coffin, on McKee street, Birmingham. Before the engines arrived on the ground it had gained so rapidly as to render the destruction of the building inevitable, together with two adjoining buildings—one the glass warehouse of the works contiguous, and the other a brick dwelling house. The loss to the pottery works and glass warehouse is estimated at $15,000, the loss by the destruction of the dwelling house not ascertained. The fire was accidental.

Accommodation for the Opera.—Mr. J. D. Lang, Superintendent of the eastern division of the Pittsburgh, Fort Wayne and Chicago Railway, informs us that the night accommodation train will start from the Allegheny depot at a quarter past eleven o'clock during the opera season, instead of half past ten as heretofore, commencing this evening. This arrangement will continue for two weeks, and will afford ample facilities to those residing on the line of the road to attend the opera.

District Court.—In the case of Peter Martin vs. Charles B. Leon, previously reported, the jury found a verdict for the plaintiff in regard to all the property in dispute, with the exception of two horses and three wagons, in regard to which they found for the defendant. On Saturday morning on motion of plaintiff's counsel, a rule was granted on the defendant to show why the verdict should not be set aside.

National Medical Convention.—The following gentlemen compose the Delegates from the Allegheny County Medical Association to the National Medical Convention, which meets in Baltimore on Tuesday, May 1st:—Drs. Gallaher, King, and Coffey, of this city, and Dr. Gross, of East Liberty. They will leave to-day on the 1 10 p. m. train for Baltimore.

Fire Thieves Arrested.—Two lads aged respectively twelve and eighteen years, giving their names as Merina Dixon and Fallue Forst, were arrested on Saturday by officer Lutz, who caught them both in the act of pilfering articles at the fire on Liberty street. They were brought before Alderman Gumbert, who committed them to jail.

Released from his Irons.—Rufus Conner, who was placed in irons a few days ago for attempting to break jail, had his shackles filed off on Saturday, by order of Warden White, and was returned to his old cell. He appeared to be quite penitent, and promised faithfully that he would not attempt to escape in the future.

Committed for Trial.—A man named Louis Fisher, a resident of Lawrenceville, and employed at the Arsenal, was before Alderman Taylor on Saturday on a charge of adultery, preferred by Elizabeth Ranthorn. The accused after a hearing was committed to jail for trial in default of bail.

Alleged Seduction.—Alderman Strain on Saturday issued a warrant for the arrest of John Boos, a resident of the Ninth ward, an information having been lodged against him by Martha Lutz, in which he was charged with seduction under promise of marriage.

MR. CLYMER ON FREE RAILROADING.

The following letter was addressed by Mr. CLYMER to a committee of citizens appointed by a meeting held in Sharon, Mercer county.

READING, April 12, 1866.

GENTLEMEN:—I have just received your letter of the 9th inst., asking the question "whether I am or am not in favor of making a general railroad law by the Legislature of this Commonwealth, somewhat similar to that existing in the neighboring State of Ohio?"

If, after the repeated and persistent efforts made by me during a long service in the Senate, to secure the passage of a general railroad law, my position on that question is not understood, I fear that nothing I may now say will more fully demonstrate it.

I have been, am now, and will continue to be in favor of a general, free railroad system for this State, similar to that of the States of Ohio and New York; believing that capital should ever be permitted, under proper restraints for the protection of private property and the rights of individuals, to develop any and every section of this State without let or hindrance.

Until the people of this Commonwealth establish this system, many of the richest and fairest portions thereof, will, for half a century to come, be deprived of those means of development and inter-communication to which they are at all times entitled, and without which their stores of iron, of coal, of lumber, and of oil, will be useless and unprofitable, not alone to their owners, but as well also to the whole people who are unquestionably most deeply interested in their prompt development and production.

Very respectfully and truly yours,

HEISTER CLYMER.

That sounds very well, Mr. CLYMER, as it reads. You have put yourself on the stand, as a witness in your own behalf, and we propose to subject you to some cross-examination.

You speak of "repeated and persistent efforts," made by yourself, "during a long service in the Senate, to secure the passage of a General Railroad Law." Now, Sir, did you ever introduce a bill for that purpose? If so, in what volume and on what page of the Legislative Record is your action in this behalf inscribed? We have searched, and have not found the evidence to corroborate your statement.

If you are constrained to confess you never did introduce a Free Railroad Bill, then we ask, have you ever voted for such a bill, introduced by some other person? If so, give us the reference to volume and page. We may have blundered, but in not a little searching we have failed to find the evidence of such a vote by you.

Prior to the past winter, Mr. CLYMER, was there ever a Free Railroad Bill before the Legislature? We may err, but we think not.

What was your action on Mr. LOWRY'S Free Railroad Bill, during the recent session? Did you vote for it? Did you help it in any way? Did you not vote to postpone and kill it?

We care nothing, Mr. CLYMER, about any vague talk of yours in the Senate about some possible Free Railroad Bill that you might vote for if an opportunity offered. Mr. HALL, the Senator from Blair county, and the attorney of the Pennsylvania Railroad Company, has frequently expressed his willingness for a *proper* Free Railroad Bill. The difficulty is that any bill he would, when brought to the point, regard as *proper*, the real friends of the measure would not care to have passed. There would be so many conditions and limitations in it no practical results would follow from its passage.

Now, about the Anthracite Railroad Company bill. Here was a chance to show how much you desired open competition in railroad making. This was not a speculative enterprise. Capitalists, with eyes solely to business, wanted to build this road—are going to build it—You did your utmost to prevent the passage of the law, and finally resigned your seat in the Senate, when you found you could not defeat it, in order to avoid putting yourself on the record at this particular conjuncture.

You affirm you not only "have been," but "are now" in favor of "a general, free railroad system." But sir, Mr. CLYMER, until you show that what you say about your past course is true, you cannot expect prudent people to take your word for what you will do in time to come. If you had simply pledged yourself in future to advocate and promote a free railroad system, we should have been disposed to let by-gones be by-gones. But you have invoked your past record as a measure of your future reliability. We think you have no such record as you claim; and are not inclined to take a promise for action at any point during the next three years on what seems to be a false assurance. You must yourself see that this point is well taken.

And now, we desire further to remark that we think, all through your Senatorial career, you have been liberal in voting railroad charters that did not conflict with your own personal interests, or the interests of your immediate friends. You have so voted freely, and without stooping to levy black mail. That is a great virtue as legislation goes. But, consider, this is no more than the Pennsylvania Railroad Company has steadily done. It has never obstructed the passage of a railroad bill except for the protection of its own interests. It has allowed many bills to go through that a wink from its Vice President would have effectually stopped.

The point then, is, Mr. CLYMER, we want you to display to the people of Pennsylvania the record you affirm has an existence, and on which you profess to plant yourself.

THE Philadelphia *Evening Bulletin*, of Friday, contained a special telegram from Washington, somewhat more stupid and mischievous than the ordinary supply to the press of that city. This may be taken as a specimen:

"The President is understood to have declared that he is bound to defeat Geary, and to this end will remove every Federal office holder suspected of supporting the Union nominee. Gen. Moorhead, a candidate for Gubernatorial honors when Geary was nominated, has been here for several days fixing up some arrangement of this sort."

GEN. MOORHEAD is in Washington as the member of Congress from this district. He was a competitor with Gen. GEARY for the Gubernatorial nomination, but is not opposed to his election by a good deal. Instead of figuring with the Copperheads, his friends here are being turned out of office by the President because he will not.

Pray, Mr. *Bulletin*, keep a man of sense in your service at Washington, or else get along without any.

A COMPLAINING PEOPLE.

The people of Pittsburgh, (judging from the tone of the press,) are so opposed to the Pennsylvania Railroad Company, that they can see nothing good in anything it does. * * * We wonder what the vote would be there, if it was submitted to the people, whether all the rails of all the roads within ten miles of the city should be taken up, and no railroad be permitted to violate that sacred territory? We rather guess it would make a slight change in the sentiment.—*Altoona Tribune.*

Neither the people nor the press of Pittsburgh are opposed to the Pennsylvania Railroad Company. No person of sense supposes they are. Nor have the people and press of this city been slow or parsimonious in acknowledging the advantages derived from that corporation. What they want is not fewer railroads, but more of them. Nor do they complain that the Pennsylvania Railroad Company, following the natural instinct of self-preservation, does not invite competition with itself. All that an individual, having an investment in a particular business, might fairly do to avoid competition, this railroad company is justified in doing. The naked question is whether subsidizing a Legislature to prevent other people from embarking their capital in certain beneficial enterprises, is a proper method for an individual or a corporation to take to escape competition.

A WASHINGTON TELEGRAM to the New York *Tribune* says:

"The recently removed Republicans from Pittsburgh, Pa., are here, and on calling upon Senator Cowan to know the cause of their removal, they were informed that it was because they did not sustain the President's policy; and that if they would go home and publicly sustain the President, they should be retained. This they declined to do, and Cowan then told them this was but the beginning of removals."

This is the unvarnished truth. The Pittsburgh office holders were removed because they attended strictly to their duties, without mixing in the controversy between Congress and the President. It was not enough they did not espouse the side of Congress. The President demanded they should join in the quarrel, and on his side. Removals are to be made all over this State, and throughout the entire North, in conformity with this rule.

Three months and more ago, when we predicted this movement, and pointed out what elements would concur in it, we were generally set down as uncharitable and visionary. Time has vindicated our perspicacity in this particular. The end of this movement is not yet. Treachery and baseness have still lower depths to fathom than are now fully disclosed to the popular apprehension. If forewarned, the Republican masses would only be forearmed, both they and the country would escape unmeasured calamities.

MATTER OF OPINION.—The President recently remarked to the wife of a Union officer that he did not consider Clement C. Clay as culpable as Thad. Stevens and his clan.—*N. Y. Tribune.*

We are content that the President shall form his own judgments of men and things, and express his judgments with what freedom and bluntness he will. We like freedom of thought and utterance; and shall not back out of that liking because such freedom is sometimes, or frequently, abused. But we insist that when a man takes as much latitude as President JOHNSON does, in criticising and denouncing other people—his associates in the Government, as well as private citizens—he ought, in common decency, not to wince and fly into a rage, when he is subjected to the same discipline. If he insists upon being treated with courtesy and deference, let him set an example of those qualities in his department towards others. If it is inexcusable in Senators, Representatives, Collectors, Assessors, Postmasters, and the like, to forget their manners, it is still more censurable in the President. If he demands courtesy, amenity, deference—let him give what he demands; or else let him stop grumbling because he gets as good as he gives.

"CANDID criticism of public men and measures by persons in office will not be objected to by any liberal minded men, and we are confident that President Johnson will not dismiss any one for an honest expression of opinion; but when men feeding at the public crib make use of the very means drawn from the national treasury to sustain journals which are daily teeming with lying slanders and misrepresentations of the President, will any candid man say that he should countenance such conduct by keeping the slanderers in office?"—*Philadelphia News.*

Pray, then, explain why Mr. VON BONNHORST was removed from the Postmastership of this city. As an officer, he had no superior. As a gentleman, courteous to every body. Speaking evil neither of dignities nor of any body. Neither criticising the President, nor others in authority; but minding faithfully his duties. Holding no connections with public journals, and bestowing no patronage to them. *Why* was he removed? Let us understand the enigma.

GOOD FOR POTTER.—Under a law passed last month, no license to sell liquors can be issued in Potter county. Happy Potter! The beauty of the thing is, that the majority of the people there asked for the law.—*Agitator.*

Let us have further light. Are there no drunkards in Potter? Do people drink no liquor there? Do they drink less than the same number of persons elsewhere in the Commonwealth? Answers to these questions will enable the world, outside of Potter county, to judge whether or not the millennium is actually dawning within its boundaries.

THE Fenian Fizzle has ended, the few adventurers having sneaked away to hide themselves. At the late Fenian Congress in this city, the leaders frankly admitted that in case they failed in making a bold and courageous attempt, they and their followers would be hopelessly disgraced. They have now time to reflect what shame they have brought on themselves.

THE SENATE has come to the wholesome determination not to confirm any nomination made to fill a vacancy created by the removal, for opinion's sake, of any competent officer, who acted with the Republican party during the last Presidential canvass. The loyal people of the nation will stand by the Senate in enforcing that rule.

KENTUCKY.—The reports of Gen. ELY, Capt. MERRILL and others attached to the Freedmen's Bureau in Kentucky, show that a bad condition of affairs exists in that Commonwealth; that outrages and abuses without number exist, and that the civil authorities will do nothing.

THE Senate had rather a stormy time in executive session on Friday. An attempt was made by Senator Cowan to get the appointments of Sloanaker, Collector in Philadelphia, and Johnston, Collector in Allegheny, and others, confirmed. To this several Senators demurred, and some pretty plain talk was had upon the subject of removals because the office holders would not follow the President. A resolute determination was developed to confirm no appointments where Radicals had been removed, and where men were appointed because they were the especial friends or pretended friends of the President and his policy.

THERE are in North Carolina one hundred schools for blacks, 132 teachers, and in the month of January 10,450 scholar, 2,000 more than in December. They are located in all the principal towns.

POLITICAL.

A LOYAL Georgian just arrived at Washington, urges the Radicals in Congress to withdraw all Federal control, assistance or restraint from any one of the rebellious States for thirty days, and leave the reconstructed citizens entirely to themselves; he says the experiment will not only satisfy Northern Conservatives, but will cause a wail for succor to come up from the people themselves. He thinks that in less than ten days they would implore to be saved from themselves. He states that the entire South is a unit in its determination to force a recognition of their war debt, or a repudiation of ours.

SENATOR STOCKTON has prepared the slate for New Jersey, but in the removal of one of the Jersey City Collectors he struck into the family of a New York Congressman, and special supporter of "my policy;" so it is thought the old slate will have to be restored in this instance. Senator Guthrie of Kentucky spent last evening with the President. He has had several important appointments assigned him by the Executive. Thomas B. Florence, editor of *The Constitutional Union*, it is stated, has also been permitted to designate sundry departmental appointees.

THE removal of Mr. Von Bonnhorst was made over the head and without the knowledge of the Postmaster-General. The first he and his assistant knew of it was the reception, on Tuesday, of a card of thanks from some of the Copperheads of Pittsburgh to the President and Postmaster-General for the appointment of Mr. Wade Hampton. They at first regarded it as a "sell," and a certain very conservative Iowa Senator was quite indignant at the perpetrators thereof.

MR. SCOVEL, of Camden, who recently figured prominently at Trenton, has been to Washington, and in concert with Senator Stockton had the Postmaster and Assistant at Camden, N. J., removed. Their successors were ordered to be appointed to-day, and will doubtless be sent into the Senate to-morrow. The cause of the removal assigned is the failure of these men to sustain the President and Messrs. Stockton and Scovel in their political troubles.

THE new test oath is: "I solemnly swear to support Andrew Johnson as against the Congress of the United States, to work for him, to talk for him, to lie for him, and to do all he tells me to do, and nothing that anybody else tells me to do." All Federal office-holders who cannot take the foregoing oath are to be excluded from Government service.

GEN. O. S. FERRY is suggested as a Union candidate for U. S. Senator from Connecticut at the ensuing election. The western part of the State, wherein Gen. Ferry is at home, has had no U. S. Senator for a good many years, and seems to be stirring in his behalf.

THE new Constitution of Texas makes the Governor's term four years, instead of two as heretofore, and his salary $4,000 instead of $2,000.

PERSONAL.

C. L. PERRY, an old resident of Mobile, has just returned from a nine years' cruise, and finds his wife married to another man, and keeping house with the children of Perry. The wife repudiates the long lost husband, and instead of throwing open her arms and fainting, as is the custom of the country in such cases, she deliberately chucked her truant husband out of doors.

SUSAN ARNOLD, fifty years of age, residing in Burrville, R. I., hanged herself in her chamber. She had evidently made every preparation for the act. She had a loaded gun, a dirk and a vial of mercury in the room with her, and had also laid out on a bed in another room all the clothes for her burial.

M. VICTOR FOUCHER, the youngest Justice of the Supreme Court of France, fell dead of apoplexy, on the bench, a few days ago. M. Victor Hugo married his sister, and it was in his house the poet lay concealed during the storm of the *coup d'etat.*

EX UNITED STATES SENATOR GEORGE E. PUGH and lady, were confirmed at St. Xavier Catholic Church, in Cincinnati, on Sunday last, and three hundred and fifty others, in the Cathedral two hundred and ninety were confirmed.

SOME of the citizens of Newton, Mass., have presented $8,000 to the family of the late Dr. Henry Bigelow, as a tribute to the memory of their "beloved physician."

COL. HALPINE, "Miles O'Reilly," claims the authorship of the celebrated letter of Gen. Hunter concerning the first organization of colored troops.

MISS DICKINSON is going to get married. She is in advance of most young ladies, who do not usually lecture till after marriage.

EX GOV. STEWART, of Missouri, has been permanently crippled by a fall on the ice, followed by a severe attack of the rheumatism.

MRS. ELLIOTT, a soldier's widow, has been appointed postmistress of Fairfield, Iowa.

Wool Growers' Petitions.

Congress is flooded with wool growers' petitions. Unfortunately no record of their presentation goes, unless casually, into any of the newspapers except the Congressional Globe, and so the country receives no reliable account of their numbers or of the number of petitioners. Perhaps as many as twenty or thirty Congressmen informed us that they had already received petitions embracing from one to eight or ten hundred signers, and they remarked that this "looked as if the wool growers were in earnest." This is precisely what we want to demonstrate to Congress, *that we are in earnest.* A few weeks will now settle the question, whether we shall have adequate protection to our industry, or whether we shall put up with gold prices for our wool, lower than they were on the average for thirty-five years ending with 1861—in short, whether Sheep Husbandry shall flourish or fail. Congress appears well disposed, but business moves slowly in it, and the season of adjournment approaches.

Friends of the cause! now is the time for the final struggle! Canvass your towns, counties and get the name of every friend of American industry, to your petitions. Write your Congressmen short, pithy letters, calling on them to act. If we do our whole duty to ourselves, we shall in all probability succeed. If we flag in our efforts, the zeal now felt in Congress in our behalf will also flag. If blank petitions are not on hand, write them or get new ones printed without delay. We re-publish the form of the one most generally adopted by the wool growers of the United States:

To the Congress of the United States: The undersigned of——county, State of——believing that the present situation of our national finances requires an amount of revenue to be raised by duties on foreign imports, which, if levied in proper proportions on the different articles of import, can be made to protect all branches of domestic industry requiring protection, without ultimate injury to any, and believing that under the present tariff the American wool grower has no adequate protection against the competition of the cheap labor and accumulated capital of other countries, respectfully petition, that a duty of ten cents per pound and ten per cent ad valorem be levied on all unwashed foreign wools competing with American wools, the value whereof at the last port of export, including charges in such port, shall be thirty-two cents or less per pound; and that a duty of twelve cents per pound and ten per cent advalorem be levied on all like wools, the value whereof, including charges in port, shall exceed thirty-two cents per pound, and that the above rates of duties be doubled on washed wools, and treble on scoured wools.

We also pray that the law be made to take effect from the time of its passage.—*Rural New Yorker, April 28th.*

GENERAL NEWS.

A WEARER of the new fangled crinoline, in an effort to display the skill of the maker of false calves to a crowd of curious loiterer in Chicago the other day, gave her hoops a tilt, *en passant*. Unfortunately a gust of wind coming along just then, caught the tilters and turned them upside down, illustrating the current story of a lady who remarked that twenty springs had just gone over her head," in reply to which the listener queried, "Bradley's?"

SPECIAL NOTICES.

AYER'S PILLS—Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by B. A. FAHNESTOCK'S SON & CO., and by all Druggists. mh16:2mWF

BETROUVEY'S TURKISH BANDOLENIAN HAIR TONIC. THE DRESSING AND RESTORER OF THE AGE. TURKISH BANDOLENIAN. BETROUVEY'S TURKISH BANDOLENIAN. What can be more acceptable than anything that will beautify? that will restore nature's decay by stopping the hair from falling out, restoring its natural color, making it to grow in luxuriance and beauty, assist in putting it up according to the present style and fashion and keep it in place? This *Betrouvey's Turkish Bandolenian Hair Tonic* will do, and for proof we refer you to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name. In Turkey, in France, in England, in America—everywhere where the "Bandolenian" is known—it is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and dressings. It is the extract of many flowers and herbs, beautifully put up, an ornament to the toilet.

FINANCE AND TRADE.

SATURDAY, April 27, 1866.

The rates for gold have been unusually steady throughout the week, and the market closes firm Saturday evening, with an upward tendency. It is evident from the movements in New York, and the rate of interest paid for carrying contracts by the "short" sellers, that the full amount of the Five Twenty interest due May first has been discounted by the street. The amount due May 1st somewhat exceeds twenty millions, which after Tuesday next will come on the market, for a few days at the rate of about two millions per day, not faster, which can hardly have much effect on the steadiness now felt in the market. It is asserted also that the Secretary of the Treasury is intent now on one thing, namely, securing a new loan at five per cent, and to accomplish this will not disturb the rise in gold until it reaches 135, or thereabouts. Another cause for the low rates which have prevailed for some time past, has been the enormous exports of cotton. The last news from Europe indicate such an over-supply of cotton in the English market, that its export from this country will be materially checked for some time to come. As Five Twenty bonds are now relatively higher in the New York market than in Europe, we will, therefore, be forced to the exportation of breadstuffs or coin to meet the largest imports ever known in this country.

New York quotations per telegram: Gold, 128¾; United States Sixes 1881, 108½; Five Twenty Bonds, 105⅞; Ten Forties, 95½; Seven Thirties, 101¾; Certificates, 100. Compound interest notes par and interest.

Pittsburgh rates: Gold, 128; May Coupons, Five Twenty Bonds, 105; Ten Forties, 95; Seven Thirties, 101½. The latter bonds are scarce in this market, and are held generally at 101¾@101⅞, the former, the most current figure. May Coupons bought at 127, though in a few instances full lots were disposed of at 127½.

The market for local stocks is more than tame, it is dull to a disgusting extent. A few County five per cents are on the market at 78, but buyers don't appear to want them. Allegheny City Municipal Sixes are sought for at 97. Pittsburgh Fives offered at 68.

There is but little doing in Railway securities. Pittsburgh and Connellsville bonds are held at 80—for the stock $10 is readily bid. Allegheny Valley, first mortgage bonds seven per cents, are not often seen in this market. The last quotation we were able to make was equivalent to 97. The new bonds, having thirty years to run from the first of March last, and bearing interest at the rate of 7 and 3-10 per cent, will soon be on the market, and will be a *number one security* to those who have money to invest. They will be a first mortgage on the entire road from Pittsburgh to Oil City, and should with the rate of interest they bear (7 3-10) readily command par.

No sales of Gas or Insurance stocks during the week. Bridge stocks but rarely come on the market, and are strongly held. Bank shares are firm—but few sales during the week. Holders are exorbitant in their figures, and, in our opinion, hold them above their value. The nearest approximation to current rates we give below: Allegheny National, 58 bid, 59 asked. Citizens, 62 bid. Exchange, 65 bid, 67 asked. M. & M., 61 bid, none offering. National Bank of Commerce, 106 bid, 108 asked. Peoples National Bank, 109½ bid—sales at 109¾ and 110. Tradesmens, 110 asked, no sales. Third National, 124¼ bid.

We failed to hear of a single sale of oil stocks during the week. Gold and Silver mining shares begin to attract attention, and we should not be greatly surprised to see a large trade in this class of stocks by the coming fall. They have taken the place of oils in New York, and are considered a much more certain investment.

—The New York *Tribune*, of Friday, says:

The European news has effected Government stocks unfavorably, and the 7-30s are ⅛@¼ lower. Certificates of indebtedness are also cheaper, and for the moment buyers have a decided advantage. While affairs on the continent continue in their present condition, the scheme for funding our currency debt into a five per cent loan must wait. The Secretary has for a long time been fearful that European complications would embarrass his financial movements, and now sees his worst anticipations upon the point of realization. He is now brought to depend upon the home market for support, and must look facts in the face as they exist. Since the revolution, the rate for money in this country has ruled high, and 7 per cent may be taken as a fair price for commercial loans, with much higher rates upon enterprises such as are engaged in by farmers and small traders, who freely pay large extra interest for capital. The abolition of Slavery promises, at an early day, to create in the South a demand for capital as great as that which has marked the growth of the free North. The old free States are still new, and can afford to continue to pay high interest for money; and if experience is good for anything it teaches that in the future, as in the past, the Government will do well if it borrows its money at six per cent in gold. As the Government now stands it must, if it desires to fund its debt, make its bonds to suit the market, and give them some quality not possessed by existing bonds at 6 per cent even. To insure successful funding, long bonds must be offered to absorb the short currency debt now held so firmly. The desire to pay off the National debt at once is most commendable, but the first thing to be done is to get it where the short obligations (say $1,000,000,000) will not mature and call for an equal amount of legal tenders, and so indefinitely postpone specie payments. To those who desire to pay, the 10-40s, 5-20s and the loan of 1881 will afford ample material, quite as much as they will require before a new 30 or 40 year bond will mature. What the Treasury wants is an extension on $1,000,000,000; the question of payments will come up afterward.

—The available supplies of government gold-bearing stocks on the market (says the Philadelphia *Press*) are gradually being reduced to a very narrow limit. The recent heavy purchases have mostly been made for investment by parties who will be slow to part with them unless some new avenues of more profitable employment for money be suddenly opened. With the exception of the Seven Thirties, which were somewhat in the rear yesterday, all descriptions of the public stocks continued to advance. Advices by the City of Boston represent the London and Frankfort markets for five-twenties as having been depressed, in part, by speculative sales, adding that the closing indications were of an early and decided rally. The home demand, however, is not much affected by the foreign news. Enormous amounts of money are accumulating here, seeking secure and lucrative employment, in a temporary form, practicably controllable by the owners. Much of this idle capital being invested in the public stocks, which are steadily appreciating on the free execution of orders from private sources. The five-twenties being relatively the lowest of all the gold-bearing bonds, are benefitting more and more, each successive day, by the progress of the investment movement.

—A late Washington dispatch says:

A prominent member of the Congressional Finance Committee expresses the conviction that Secretary McCulloch's desire to fund the national debt into one uniform long loan, at 5 per cent, is entirely feasible, and will prove successful.

New York Financial Matters.

NEW YORK, April 28.—Gold closed firm at 128 with many borrowers, but it is thought the highest point has been reached to-day. Governments were a shade lighter. The amount returned from Europe is very small.

Money never was easier. The demand is moderate. The rates are 4@5 per cent. The market for Sterling Exchange is quiet this afternoon, but prime bankers bills were firm at 108⅝@108¾.

The Stock Market was stronger after the one o'clock board, and there was a partial recovery in prices from the lowest point. Reading was the feature, and rose to 155¾. The following were the closing prices at 3:30 P. M.: New York Central, 92¾; Erie, 18½; Hudson, 109¾; Reading, 105½; Michigan Central, 107; Michigan Southern, 80¾; Illinois Central, 122; Pittsburgh, 81½; Rock Island, 22¾; North Western, 29½; North Western preferred, 58¾; Pittsburgh, Fort Wayne & Chicago, 93¾.

Baltimore Cattle Market.

BALTIMORE, April 26.—Beef Cattle.—The offerings during the past week were 900 head against 585 head previous week. Of the offerings 280 head were brought from Ohio, and 150 from Illinois, over the Baltimore and Ohio Railroad; 160 from Pennsylvania, and 125 from Illinois, over the Northern Central Railroad; 140 from Pennsylvania and 55 from Maryland, on foot, with 20 head left over from last week. The market this week has declined considerably; we make the decline 50c gross, and in some cases 75c. Prices to-day ranged as follows: Scalawags and old cows $6,00, common $6,50@7, fair $7,50, good to prime $8@8,50, and a few extra beeves at $8,75 per lbs. The market closed very dull.

Sheep—The supply this week has not been so large, but prices remain about the same. Sales were made at 5½@6½c per lb gross for clipped—no wool sheep in market.

Hogs.—The market is very heavy, and prices unchanged. Sales were made at $12@13 per 100 lbs net.

Baltimore Coffee Market.

BALTIMORE, April 27.—Our market has ruled dull the past week, importers not being disposed to meet the views of buyers. The sales have been confined to small lots from second hands at 19½@20½c. Rio cargoes are quoted at 14½@14¾c, gold, in bond. Stock in first hands 16,063 bags. We also notice the arrival of a cargo, 2860 bags Laguayra, but no sales have yet been made; quote 14½@15c gold, in bond. Java is quoted 26@27 cents, gold, duty paid.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
SATURDAY, April 28, 1866. }

The produce markets have been much excited this week, and quite a number of articles have appreciated in value considerably. Flour for example, has advanced from $1 to $1.50 per bbl; Wheat, 20 to 25 cents per bushel; Oats, 15 to 20; Corn, 10 to 15 cents, and Bacon, Lard and Mess Pork, are also higher. The excitement in Flour and Grain is in consequence of the reported failure of the growing crops, though in some quarters the belief is entertained that the season is not yet sufficiently advanced to form a correct opinion in regard to final result. With the exception of the articles above referred to, there have been no new features worthy of special notice.

GRAIN—Wheat is firm and but little offering. We have sales of Cub reported at $2, and Red Winter may be quoted at $2,20@2,25. Oats scarce and firm—60c on track, and 65 for small lots from store. Corn is scarce and higher; sale of 1 car Shelled at 80—to arrive. Barley is in better demand and in limited supply. Sale of 1 car prime Penna Rye at $1.

FLOUR—Was again somewhat excited today, and another advance has been established. We quote at 10¼@10½ for Spring Wheat $10¾@11 for half Spring and half Winter; and $11¼@11¾ for Winter Wheat. Sales of "Bartlett's," "Ford's," and "Crossett's at $10¼@10½; "Star Mills" and "Snow Flake" at $11½, and "Mad River"—a fancy brand—at $13.

PROVISIONS—Bacon is firm and higher. Shoulders may be quoted at 13½@14; Ribbed Sides, 16@16½; Plain Sugar Cured Hams, 21@21½ and Canvassed do at 22½@23. Lard is higher—prime kettle rendered being held at 21@21½. Mess Pork is quoted firm at $29. Dried Beef, 24.

POTATOES—The demand is again improving, and while the market is more active and firmer, prices have undergone no quotable change. We now quote in a regular way from store at $1,10@1,15 per bush for prime Peach Blows, and $3,20@3,25 per bbl.

BUTTER—Is not very active, but the receipts continue light, prices are pretty well sustained—good to prime Roll selling at 40@45.

EGGS—Dull with a supply largely in excess of the demand—may be fairly quoted at 17@18 per dozen.

CHEESE—Is dull but unchanged at 19@20 for Western Reserve, and 24@25 for Goshen.

MILL FEED—Is firmer and in better demand; sales of 10 tons Shorts at 95 to $1 per cwt, and 8 tons Middlings at $1,45.

DRIED FRUIT—Is firm and scarce, the supply in this market being almost exhausted. Sales of Apples at 14@16, and Peaches at 18@22, for quarters and halves.

OIL—No. 1 Lard is firm and higher, being quoted at $1,80 to $1,85 per gallon.

SEEDS—Clover seed is selling in small lots at $5½, and Flaxseed is in demand at $2½. Timothy Seed is in demand, but there is little or none in market.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE }
SATURDAY, April 28, 1866. }

REPORTED ARRIVALS OF OIL BY THE ALLEGHENY RIVER FOR THE WEEK ENDING TO-DAY.

Monday	2509 bbls
Tuesday	733 "
Wednesday	4316 "
Thursday	3768 "
Friday	15,280 "
Saturday	25,237 "
Total	51,953 "

CRUDE—There was again quite an active demand for Crude to-day, and notwithstanding the arrivals were large, the market ruled firm and prices advanced from ⅛ to ¼ of a cent per gallon. Quotations may be fairly given at 13¼@13½, bbls returned, and 18½@19 bbls included. Sales of 1500 bbls, in bulk, at 13¼, 1000 at 13½; 750, in lots, bbls returned, at 13¾; and 1500 and 300 bbls at 19, bbls included, free on board cars—the last two lots were purchased for export, and this fact imparted considerable firmness to the general tone of the trade. It is not usual to find a very brisk demand for oil on Saturday, which is generally the dullest day in the week, but to-day has been an exception to the general rule.

REFINED—There was quite an active demand for bonded oil to-day, both for present and future delivery, and we can record a still further improvement in prices. Yesterday sales were reported at 39½@40, for may delivery in Philadelphia; while to-day 40½ was freely offered and refused; and it is said that 46 and even 47 was offered for September, without finding sellers. Sale of 500 bbls for June delivery in Philadelphia, buyers option, at 42; 500 for August, same option, at 45; and 1000—on Friday evening—for June, at 35, free on board cars here. From the above offers and sales, it will be seen that an advance of fully one cent per gallon has been established, and it may not be out of place to state that there are but few sellers even at the advance. Free Oil is quiet and unchanged.

ARRIVALS—The arrivals of oil were again large to-day, and are likely to continue large for some days to come. The following is a partial report of the arrivals since our last report:

Davis & Bro	2300	J. B. Sneathen	2300
Vandergrift & Co	2800	D. Bushnell	2800

Chicago Market.

CHICAGO, April 28.—The buoyancy which has characterized the Flour and Grain markets during the past two or three days, seems to be on the wane, and the extreme prices of yesterday are not obtained for either Wheat or Corn. The demand for Flour is less active, and prices have a drooping tendency, although there is no quotable reduction to notice in value. There is a material falling off in the demand for Wheat, and No. 2 Spring and No. 1 in the Northwestern prices have declined 6@7c per bushel. "Regular" No. 1 Spring is quiet but steady, with sales at from $1,50@1,52½—closing with sellers at $1,52. Rejected Spring is quiet, with light sales at 90@95c. Corn opened dull, but closed rather better for No. 1 in store. Canal Corn is depressed, and sales are difficult to effect except at liberal concessions. We note sales of No. 1 at 49@50c, No. 2 at 45½@46c, and Rejected at 45@46c. The sales afloat were confined to one boat load of Rejected at 45c. At the close the market for No. 1 in store is firm at 50c. Oats are moderately active and steady at about yesterday's prices. We note sales of No. 1 at 30@31½c, and No. 2 at 29½@30½c. Rye is quiet but firm at 60@62c for No. 1 and at 58 for No. 2 in store. Barley is in fair request and steady. Highwines are inactive but firmly held on account of the recent advance in Corn. Seeds are firm but quiet, with sales of Timothy at $3,25@3,70 and of Clover at from $6,00@6,50. Potatoes in Detroit.

DETROIT, April 27.—The market through the week has been very dull. Rates are more settled, but they have "settled" decidedly downwards. There have been but few sold upon the street from teams, but the shipments by rail from the country have been large. The demand is very light and the supply very large. As a consequence prices are exceedingly low. To-day the market is weak at 50c per bu for peachblows. We note a sale of 1 car of common for 45c. There were probably from ten to fifteen thousand bushels burned last night in the Detroit and Milwaukee Depot.—*Tribune.*

The *Post*, of the same date says:

There is rather more disposition to buy at the late large decline. There are purchasers of peachblows and other choice kinds, at $1,80@2 per bbl, or 50@55c per bu. The price in Cincinnati to-day is $2,90@3. As freight and commissions amount to 90c, it will be seen that there is only a very small margin at present quotations here, to say nothing of the chances of a falling market.

Baltimore Market.

BALTIMORE, April 28.—Flour quiet. Wheat steady. Corn steady; White 88@90c; Yellow 85c; Receipts heavy. Oats firm, at 55c. Provisions buoyant and firm. Sugar steady. Coffee dull and drooping. Whisky dull and quiet; Western, at $2,23.

St. Louis Market.

ST. LOUIS, April 28.—Flour and wheat firm and unchanged. Corn and oats steady. Pork advanced to 28½. Bacon higher with heavy transactions. Shoulders 12½. Clear sides 17. Lard Buoyant at 17½@21. Whisky dull at 2,19.

Cincinnati Market.

CINCINNATI, April 28.—Flour and Wheat quiet, but prices are unchanged, and the demand for both has fallen off. Corn is 2c higher with a light supply; Mixed in elevator, 59@60c, and in sacks, 69@70c. Oats in light supply and market firm, at 43 to 47c; holders asking one cent higher. Rye firm at 85@88c. Whisky dull at $2,22, duty paid, and $2,23@2,24 in bond. Provisions opened buoyant, but closed rather quiet though very firm. Mess Pork advanced to $28,25@28,50, and Lard to 20½c. Bulk Meats and Bacon unchanged; Butter firm, at 50@55c for fresh made. Gold closed at 128.

New Orleans Markets.

Pork, $30. Bacon—Shoulders, 14½c; Ribbed Sides, 16¾c; Clear, do. 17¾c. Hay, $27@30. Gold, $1,29½; Sterling, 41. Freights to New York, $2 per bale.

Philadelphia Market.

Coffee dull. Sugar; sales of Cuba at 8¾@9¾c in gold. Provisions firm. Whisky dull, at $2,24@2,26 for Pennsylvania, and $2,27 for Ohio.

Toledo Market.

TOLEDO, April 28.—Flour quiet. Wheat—New Amber Michigan 9c lower. Other grades in steady demand and quiet. Corn active, at 58c for No. 1 Mixed, and 59@60c for No. 1 Yellow. Oats advanced 1c, at 44c for No. 1 Wabash.

RIVER, WEATHER, ETC.

The river continues to recede at this point, with about eight and a half feet in the channel by the Allegheny pier marks last evening. The weather yesterday was cool and pleasant—on Saturday evening we had two or three refreshing showers of rain.

The Robt Moore, from Cincinnati, with an excellent trip, is the only transient arrival we have to report. The Bayard, from Parkersburg, was due here on Saturday night, and the Emma Graham, from Zanesville, will doubtless be found in port this morning.

The Kate Putnam, in command of W. S. Evans, late of the ill-fated Nevada, left yesterday forenoon for Cincinnati and Louisville with a very good freight list, and quite a number of passengers. The Grey Eagle cleared for Parkersburg on time, as did also the Julia, for Zanesville.

The Emma No. 3, Capt James H. Marratta, with Mr John Eaken in the office, is announced to leave for St. Louis this evening. She has excellent accommodations for passengers, and is in charge of careful and experienced officers.

The Nora, Capt. H. H. Devinney, is next on the list for Cincinnati and Louisville, and will be ready to take her departure on Tuesday evening or Wednesday morning, and passengers and shippers should bear this fact in mind.

We take the following items from the Cincinnati *Commercial*, of Saturday:

Capt Arthur Stewart, of the Pittsburgh Novelty Works, is at the Barnet House. The Captain looks hale and hearty for one who has passed through the doubly fatiguing profession of steamboat commander and soldier.

Capt. W. B. Donaldson, late of the Dictator, and Captain W. H. Scott, late superintendent of the Johnsonville Line, arrived from Pittsburgh yesterday, en route for St. Louis. Capt. Donaldson is now engaged in building a large and splendid steamer at Pittsburgh.

One of the new barges for the St. Louis and New Orleans tow transportation line, was launched from Shearer's yards, in Covington, on Thursday. Another barge for the same line will be launched from Litherbury's yard to-day.

Capt. Jas. S. Wise, Jas. W. Gaff, and others, yesterday, purchased the Naugatuck for $30,000. The Naugatuck is one of the best business steamers afloat.

Mr. Chas. Kilgour yesterday contracted with Mr. C. T. Dumont for a battery of five boilers for the John Kilgour—44 inches in diameter, and 24 feet long, containing five flues each, to be ready in four weeks.

The Citizen and New York, from St. Louis, will doubtless be found at the levee to-day. The Citizen is destined for Pittsburgh. The Westmoreland came in from New Orleans, and will return to the Crescent City next week.

RATES OF WAGES.—Times at St. Louis being dull, the officers and crew of the Baltic before leaving that port for New Orleans consented to a reduction of wages equal to $700 per month. The pilots were lowered to $300 a month each, first engineer to $175, and a corresponding decline among the balance. The standard wages for New Orleans pilots is $500 a month.

The Emma Graham, in command of Capt. C. R. Stull, is the regular Tuesday packet for Zanesville, leaving at 4 p. m.

The Importer arrived at St. Louis on Thursday last, and the Argonaut left the same day for Pittsburgh. The Pine Grove was advertised to leave Cincinnati for Pittsburgh on Saturday. The Kenton is loading at St. Louis for this city.

GREENBACKS
ARE GOOD,
BUT

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to the world.

ROBACK'S

BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the bilious districts of the West and South there has, for a long time, been much needed, an article of stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventive of

Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and

a preventive for bilious derangement, regulating the system, and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly at hand the BITTERS, as a safeguard against epidemics and maladies engendered by miasma and poluted water.

Travelers to and all residents of the rank bottoms of the west and south, and the valley Mississippi and its tributaries, should provide selves with the

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1859.

DR. KEYSER—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.
WM. WILSON,
Alderman, Fifth Ward

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER.—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

Robinson street, Allegheny.

PITTSBURGH, December 31, 1851.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known this this valuable remedy will do for others what it has done in my case.
JOHN C. LITTLE,
Witness: B. M. KERR. Peebles township.

PATTON TOWNSHIP, April 14, 1848.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.
JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. F. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.
Yours, respectfully,
J. S. WATTERSON & SONS

PITTSBURGH, November 13, 1858.

DR. KEYSER—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person, who may, in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I most unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.
Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 14, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.
J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.
E. F. PRATT,
Messenger Common Council, Pittsburgh, Pa.

N. B.—I am so grateful to my fellow-citizens, all who entertain doubts can consult me personally.
E. F. P.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several weeks, and so bad that I could not sleep. I tried several prescriptions from three of the best physicians in the city, whom I could name, but it was useless. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

"STOP THAT COUGHING."—"How can I do it?" "Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed!" This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility in the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1858.*
